

### Geography: We will be...

Continuing our learning on countries, counties and cities. This term we will be focusing on cities in England.

### Maths: We will be:

We will be looking at addition and subtraction in Year three and 4, moving into multiplication and division.

### Music: We will be...

Performing with increasing confidence and control as well as thinking of others as we perform.

### D.T: We will be:

We will be investigating different material to create Christmas decorations.

### ICT: We will be:

Thinking of ways we can stay safe online and agreeing sensible e safety rules for the classroom.

# Mighty Metals

### Art: We will be ...

Using different materials to create art inspired by Iron Man by Ted Hughes. We will also be reflecting on and reviewing our work, to help us improve our techniques.

### History: We will be...

Completing a local history study, looking in particular at Folkestone's railways. We will include detail in our writing to describe the past.

### Science: We will be...

Learning all about forces and how they act on different objects. We will focus on magnets and investigate magnetic and non magnetic materials as well as finding out about magnetic poles and if magnets will attract or repel each other. We will be conducting investigations and developing our scientific reporting.

### English/Drama: We will be ...

Looking at the features of persuasive writing to persuade people to come and visit Folkestone. We will also use our class text, Iron Man, to develop our character and setting descriptions. This will help us as we move into creating our own stories about a robot.

### P.E We will be..

Looking at our movements to music in Dance, responding to stimuli in different ways.
