

Blank Calendar

2021 is now upon us and represents a start to a whole new year. Can you draw an image to put on the calendar. You may want to think about how a tree changes throughout the year, due to the seasons (winter/spring/summer/autumn). Other than a tree, how else could you represent changes that happen over the course of a year? Use your imagination and take a picture of your final design. Upload it to the Year 3 and 4 Padlet page so we can celebrate our work together.
