

Geography: We will be...

Completing some fieldwork and looking at physical features that make up our environment.

ICT: We will be:

Using the internet to safely research different insects.

Science: We will be...

Investigating life cycles of different creatures, including humans and finding out about habitats and micro habitats.

Maths: We will be:

Year 1 will be looking at multiplication and division as repeated addition and sharing, fractions and place value to 100. Year 2 will be focusing on all four operations, measures and revisiting time and money.

Wriggle and Crawl

Music: We will be...

Further investigating rhymes and poems and developing our performance of them.

English/Drama: We will be ...

Developing our non fiction writing by creating fact files about different insects. We will also look at a range of poetry about mini beasts and write some of our own, inspired by the ones we have read. We will continue to develop our narratives by planning and writing a story about a mini beast.

D.T: We will be:

Designing a bug hotel, thinking carefully about how we can be eco friendly.

Art: We will be ...

Continuing our learning using 3D materials to create insect sculptures and looking carefully at drawings of different mini beasts.

P.E We will be..

Continuing to investigate how our bodies can move during dance.
