Make sure you have read or listened to chapters 15 and 16, 'The forbidden Forest' and 'Through the Trap door' to answer the following questions. Try to write your answers in full sentences.

1. Who has detention with Harry in The Forbidden Forest?
2. Why do you think Malfoy wanted Fang with him in the forest?
3. Explain what is special about unicorn blood.
4. What would you need to do to calm Fluffy down? How was Hagrid tricked into giving this information away?
- 5 Which spell does Hermione use on Neville when he tries to stop them?
- 6 How does Hermione save them from the Devil's Snare?
7. Summarise the events that happen once Harry, Ron and Hermione have gone through the trapdoor to the end of the chapter in no more than 100 words.?

If you are finding these questions too challenging that is fine, write a paragraph about the main events in each chapter and a paragraph to explain what you enjoyed in these chapters instead.
