Adventure Story Writing

LO: To be able to plan an adventure story.

This week we would like you to become Amazing Adventure Authors!

To get you ready for this week's learning we would like you to read a story from 'The Magic Key' series.

Do you have a book at home you could read? If not, don't worry!

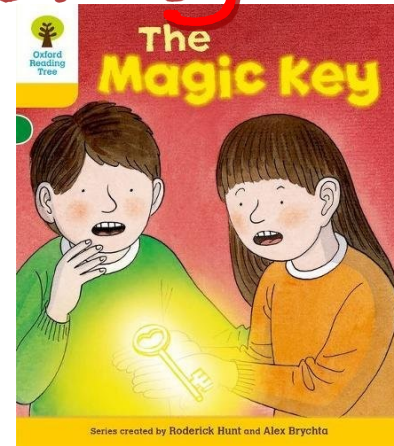

There is an example you can watch here: [The Magic Key](#)

Talk through with your grown up—what makes an adventure story?

Here are some key words we would like you to think about: *sequence, problem and solution* What do they mean? Can you identify each part in the Magic Key story you have read?

Your task for today is to plan your own adventure story! We would like you to use a story mountain to do this, look at the example on the next page, you could copy this into your home learning book.

We wonder what adventure you will be getting up to?
