

Year 1 Maths Home Learning
Friday 5th November 2021

This week, we have been learning all about our numbers from 11—20 and why we call them the 'teen' numbers.

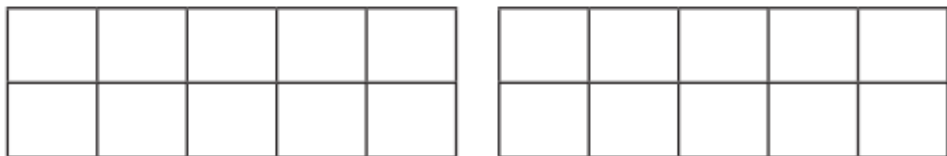

We have been making sure to say the word 'teen' very clearly in our numbers e.g. nineteen as we do not want to get confused with 'ty' e.g. twenty

Choose a couple of numbers from the pages below to have a go at, what can you show us about your numbers?

Make sure to take great care with your number formation!

11

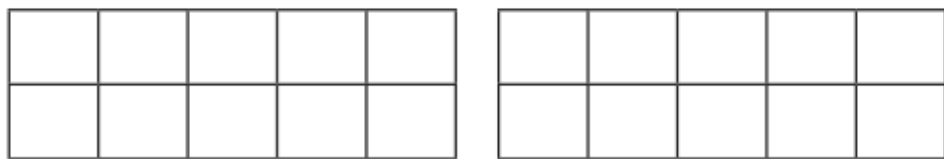

Draw 11 dots on the ten-frames.

11 11 11 11 11 11 11

13

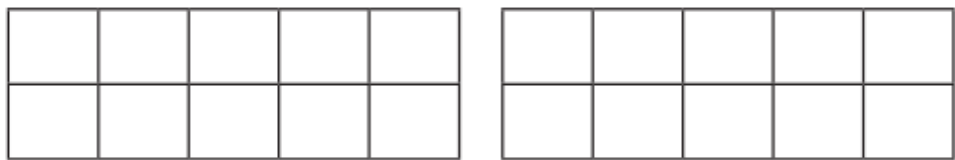

Draw 13 dots on the ten-frames.

13 13 13 13 13 13

16

Draw 16 dots on the ten-frames.

16
