

Progression In Science

At All Souls', we follow the Collins Connect Science Scheme of work in year 1 to 6. This offers an excellent 'build on build' approach, developing children's understanding of concepts encountered in the EYFS curriculum.

The units may be adapted to meet children's needs, and also provide ample opportunities to revisit key concepts, for increased knowledge retention.

Year 1 and 2 - Cycle A

Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Growing Up (changes as you grow)	Take Care (personal care and staying healthy)	Materials: Shaping Up and Our Changing World: Plants	Our Changing World: Sensing Seasons	Plant Detectives	Our Changing World (Habitats and change)

Year 1 and 2 - Cycle B
