

Year 2 Maths Home Learning 04.2.22

This week we have been learning about statistics.
Can you use your knowledge to interpret this pictogram?

Class 1 were asked to choose their favourite colour out of yellow, green, blue and purple.

The pictogram shows the results.

Key

 = 1 child

a) How many children chose yellow?

b) How many children chose green?

c) How many more children chose purple than blue?

How did you work this out?

Can you create your own colour pictogram using results from your family?
