

Year 1 Maths Home Learning

This week we have been using the words 'more' , fewer' and 'same' to compare numbers of objects. We set up a teddy picnic and compared the amount of food items the bears had using our new vocabulary.

Can you set up your own teddy picnic at home and use the language 'more' 'fewer' and 'same' to compare the number of objects that each bear has?

E.g.

Mummy bear has **more** cubes than daddy bear.

Daddy bear has **fewer** cubes than baby bear.

Can you practise writing numbers as words?

1—one

2—two

3—three

4—four

5—five

6—six

7—seven

8—eight

9—nine

10—ten
