

Year 1 Maths Home Learning

This week we have been thinking about number bonds within 10. We have been using a system to find all the number bonds to our numbers.

$$5 + 0 = 5$$

$$4 + 1 = 5$$

$$3 + 2 = 5$$

$$2 + 3 = 5$$

$$1 + 4 = 5$$

$$0 + 5 = 5$$

Look how we have used a system to find number bonds to 5.

Can you find number bonds to 6 using the same system?

The first one has been done for you.

$$6 + 0 = 6$$

Can you use the same system to find all the number bonds to 7?
