

Year 2 Maths Home Learning 11.11.2022

This week we have completed assessments to show some of our amazing working out in maths. Everyone tried really hard. Look at how you can add to the next ten at home.

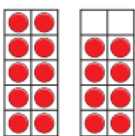

Add to the next 10

1 a) Add 2 counters to the ten frame.

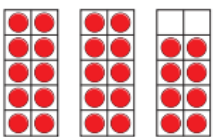

$8 + 2 = \square$

b) Add 2 counters to the ten frames.

$18 + 2 = \square$

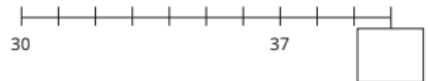

c) Add 2 counters to the ten frames.

$28 + 2 = \square$

What do you notice?

2 Write the missing numbers.

The next multiple of 10 after 37 is

3 Write the multiple of 10 that comes after each number.

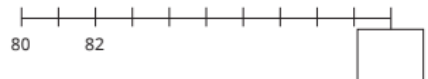

a) 27

c) 16

b) 64

d) 91

4 Here is part of a number line.

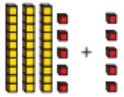

a) Write the missing number on the number line.

b) Use the number line to complete the addition.

$82 + \square = 90$

5 Complete the addition.

+ 

+ =

6

If I know that
 $4 + 6 = 10$, then I also
 know that $14 + 6 = 20$
 and $24 + 6 = 30$

Write three other addition facts that Max can work out.

7 Complete the additions.

a) $7 + 3 = \square$

c) $5 + \square = 10$

8 Sam wants to find the missing number.

$56 + \square = 60$

I know that
 $55 + 5 = 60$

a) How can Sam use this fact to find the missing number?

b) What is the missing number?
