

Year 1 Maths Home Learning

This week we have been finding number bonds to 10 systematically.

Can you find all eleven number bonds to 10 using the systematic approach?

Start with:

$$10 + 0 = 10$$

$$9 + 1 = 10$$

Use objects at home to help you. You could use coloured blocks, Lego bricks or even Smarties!

Then have a go at these challenges:

Kim has 10 sweets.

How many sweets are in Kim's closed hand?

How do you know?

$$5 + \underline{\quad} = 10$$

$$7 + \underline{\quad} = 10$$

$$4 + \underline{\quad} = 10$$

$$2 + \underline{\quad} = 10$$

$$10 + \underline{\quad} = 10$$

$$9 + \underline{\quad} = 10$$

Max shows a number on his fingers.

How many more are needed to make 10?

What is the bond to 10?
