

Year 2 Maths- This week we have added 2 two digit numbers. Show your grown ups how you can work out the following calculations by drawing your 10's and 1's.

$35 + 52 = \underline{\quad}$	$66 + 12 = \underline{\quad}$	$14 + 25 = \underline{\quad}$
$82 + 16 = \underline{\quad}$	$51 + 33 = \underline{\quad}$	$22 + 37 = \underline{\quad}$
$22 + 51 = \underline{\quad}$	$74 + 22 = \underline{\quad}$	$19 + 40 = \underline{\quad}$

What could the missing digits be?

$$\underline{\quad}2 + \underline{\quad}3 = 65$$
