

## Year 1 Maths Home Learning

This week we would like you to practise your step counting.

How many footprints are there? Can you use your knowledge of counting in steps of 2 to help you?

How many socks are there?

How many pencils are there? Use your knowledge of counting in 10s to help you.

We have been practising counting in 2s and 10s using fun songs on Youtube. Have a go at using these songs at home!
