

Year 1 Maths Home Learning

This week we have been counting, recognising and representing numbers up to 50.

Practise counting forwards and backwards.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Here are some number games you can play at home:

- 1) **Fastest finger**—ask a grown up to say a number and find it as quickly as you can.
- 2) **Hide a number**—ask a grown up to cover a number and work out which number it is.
- 3) Count forwards and backwards from different numbers
- 4) Close your eyes—land on a number—which numbers come before and after the number you've landed on?

Which numbers are represented below?
