	Knowledge	Understanding	Applying our knowledge and understanding
Creative learning	<p>John Cadbury founded the Cadbury World Factory in Birmingham. Find out about him or another famous sweet maker and create a fact file.</p> 	<p>Make a fabric dye from a strongly coloured fruit or vegetable - e.g. strawberries or beetroot. Try dip dying an old t-shirt or pillow case. Bring in your finished items.</p> 	<p>Willy Wonka's Chocolate Factory was run by Oompa Loompas. Imagine that you own a factory and draw it on a poster. What will your factory make and who will work there?</p> 
Verbal learning	<p>Keep a food diary to record the different types of food that you and your family eat over the weekend. Use the healthy eating wheel to report your findings.</p> 	<p>Write a list of foods in alphabetical order from A to Z. Is it possible to find a food for every letter? What is the strangest food name that you can find?</p> 	<p>Look at food packaging that you have at home. Can you find information that tells you where your food comes from and work out its food miles? Which food has travelled the furthest? Use the following website to help you.</p> <p>http://www.foodmiles.com/</p> 
Finding out	<p>Humans are vertebrates as we have a spine or back bone. Research which animals are vertebrates and which are invertebrates. Make a power point or poster to show what you have found out.</p> 	<p>Write a shopping list of ingredients for a meal and visit the supermarket to buy what you need. Cook it with a grown up at home and take photos to show us what you made.</p> 	<p>Take on the role of your family's personal trainer and make a timetable for a weekly exercise regime to help them keep fit. Record your timetable in your home learning book.</p>
