

Year 1 Maths Home Learning Challenge

Friday 1st December 2023

This week, we have begun our final unit of Power Maths for this term- exploring 2d and 3d shapes. The children are expected to know the names of common shapes, identify shapes within the environment as well as compare shapes according to their properties.

Activity 1: Look for something within your home (or garden) that matches each of the 3d shapes below. Check that you have made the right choice by exploring the faces: does the number of faces match? Are the faces flat or curved?

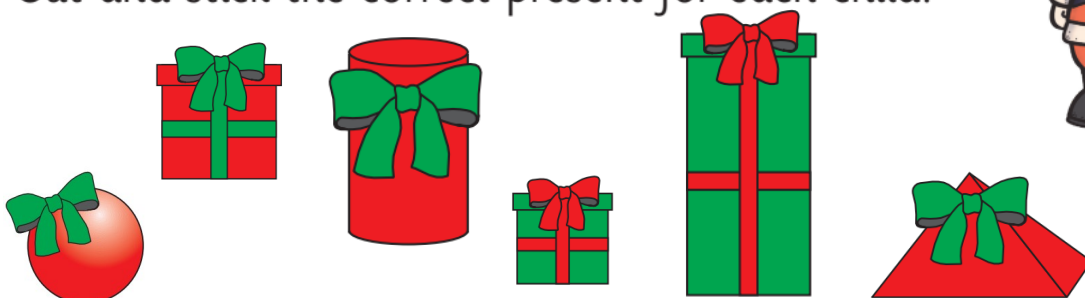

3D Shapes

Activity 2: For a bit of fun, help Santa deliver the presents!

Can you help me deliver the presents?

Cut and stick the correct present for each child.

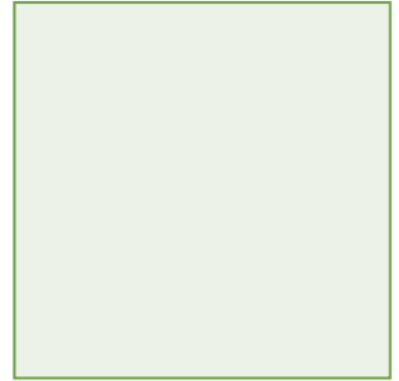

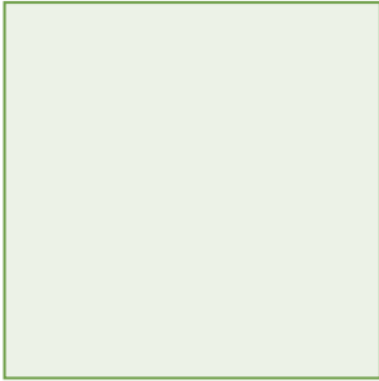

My present
is the
tallest.

My present
is the
biggest cube.

My present
is a pyramid
shape.

My present
is a cylinder
shape.

My present
is a sphere
shape.

My present
is the smallest
cube.
