# Year 1 Maths Home Learning Challenge
## Friday 3rd May 2024

This week, we have begun our Power Maths unit on multiplication and division. We have been counting in steps of 2, 5 and 10 and identifying equal groups.
**Activity 1**: Tick the boxes that show **equal** groups.

**Activity 2**: Count in 2s, 5s and 10s to find the total.

## Activity 3:  Complete the sentences...
There are ☐ groups of 5 bananas.

There are  4  groups of ☐ socks.

There are  5  groups of ☐ pencils.

There are ☐ groups of 2 cherries.

You could try the 'Duck Shoot' activity from ict-games to help you practice your counting in steps of 2, 5 and 10.

Internet Safety: Always have a grown-up with you when you go online.

# Activity 4:  For an extra challenge, try these problems...
Class 1 are having a party.

Work out how many of each food there are:

There are 5 bunches of cherries. In each bunch there are 2 cherries.

There are ........... cherries.

There are 4 packs of tarts. In each pack there are 2 tarts.

There are ........... tarts.

There are 4 packs of cookies. In each pack there are 10 cookies.

There are ........... cookies.

There are 8 bunches of grapes. In each bunch there are 5 grapes.

There are ........... grapes.

Think: There are 3 groups of 10 balloons and 20 children in Class 1.

Can each child have a balloon?

.................................................................................................................

.................................................................................................................
