

Year 1 Maths Home Learning

This week we have been learning about number bonds! We know that it is important to be able to recall our number bonds quickly to help us with lots of our maths learning.

BROTHER
CREATIVE CENTER

$0 + \square = 5$	$5 + \square = 5$
$\square + 4 = 5$	$4 + 1 = \square$
$2 + 3 = \square$	$\square + 2 = 5$
$3 + 2 = \square$	$2 + \square = 5$
$4 + \square = 5$	$1 + 4 = \square$

Can you find all 6 number bonds to 5? Don't forget you can swap the parts! E.g. $2 + 3 = 5$ and $3 + 2 = 5$

How many number bonds to 6 can you find? Use practical objects to help you. E.g. Lego, counters, teddies etc.

$1 + 5 = 6$
