

# Year 1 Maths Home Learning Challenge

## Friday 31st October 2025

This week, we have begun our new Power Maths unit 'Addition within 10'. We have been using a number line to help us count on.

I am adding 2 marbles to the jar.

There are 5 marbles in the jar.

$$5 + 2 = 7$$

I can count on from 5. I started at 5 and then counted on 2 more ... 6 ... 7.

### Activity 1:

Find the total number of dogs.

$$\square + \square = \square$$

### Activity 2:

How many pencils altogether?

$$\square + \square = \square$$

### Activity 3:

There are 6 eggs in the egg box and 2 eggs in the egg cups. How many eggs altogether?

$$\square + \square = \square$$

There are some new maths games to enjoy on Bug Club.

Pesky Pests

Marching Madness

Balloon Pop
