

- 1 Complete the sentences to match the array.

There are rows of muffins.

$$\square + \square + \square + \square + \square = \square$$

$$\square \times \square = \square$$

There are columns of muffins.

$$\square + \square + \square + \square + \square + \square = \square$$

$$\square \times \square = \square$$

What do you notice?

- 2 Complete the number sentences to match the array.

$$\square + \square + \square + \square = \square$$

$$\square \times \square = \square$$

$$\square + \square = \square$$

$$\square \times \square = \square$$

- 3 Make arrays to match the multiplications.

$$5 \times 3$$

$$2 \times 6$$

- 4 Draw an array to show 4×10

Complete the sentences.

There are rows of counters.

$$\square \times \square = \square$$

There are columns of counters.

$$\square \times \square = \square$$

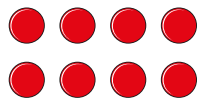

- 5 Use 20 counters to make three different arrays.

Draw the arrays.

Write three multiplication sentences to match the arrays.

2 Complete the number sentences to match the array.

$$\square + \square + \square + \square = \square$$

$$\square \times \square = \square$$

$$\square + \square = \square$$

$$\square \times \square = \square$$

3 Make arrays to match the multiplications.

5×3

2×6

4 Draw an array to show 4×10

Complete the sentences.

There are rows of counters.

$$\square \times \square = \square$$

There are columns of counters.

$$\square \times \square = \square$$

5 Use 20 counters to make three different arrays.

Draw the arrays.

Write three multiplication sentences to match the arrays.

6 Which of the cards match the array?

$5 + 5 + 5 + 5 + 5 + 5 + 5 + 5$

$8 + 8 + 8 + 8 + 8 + 8 + 8 + 8$

8×4

8×5

5×9

5×8

$8 + 8 + 8 + 8 + 8$

$8 \times 8 \times 8 \times 8 \times 8$

35

40

45

7 Tiny is using counters to find multiplication facts.

$5 \times 5 = 24$

What mistake has Tiny made?

$5 \times 4 = 14$

What mistake has Tiny made?

8 Mo makes this array.

He has ten more counters.

What arrays can Mo make using all of his counters?

Write the multiplication sentences.
