

# Year 2 Maths Home Learning

This week we have been finding half of different amounts.

Ring the stars to find half.

The whole is .

$\frac{1}{2}$  of 8 =

Ring the stars to find half.

$\frac{1}{2}$  of  =

Complete the bar model to find half.  
Use objects or pictures if needed.

The whole is .

of 10 =

Use objects or pictures to find half.

$\frac{1}{2}$  of 6 =

of 12 =

Complete the bar model to find half.

The whole is .

$$\frac{\square}{\square} \text{ of } \square = \square$$

Use objects, pictures or number facts to find half.

$$\frac{1}{2} \text{ of } 14 = \square$$

$$\frac{\square}{\square} \text{ of } 18 = \square$$

Complete the bar model to find half.

$$\frac{\square}{\square} \text{ of } \square = \square$$

Use pictures or number facts to find half.

$$\frac{\square}{\square} \text{ of } 22 = \square$$

$$\frac{\square}{\square} \text{ of } 24 = \square$$

Show half on the squares 3 different ways.

Challenge:

Write your own  
 $\frac{1}{2}$  of \_\_\_\_ = \_\_\_\_  
statements.
