

- 1 Complete the part-whole models.

- 2 Alex has 262 stickers.

She buys 12 more.

How many stickers does she have now?

- 3 Find the missing number.

$$361 = 9 + \boxed{}$$

- 4 Complete the calculations. Show your workings.

$$24 + 39 =$$

$$78 - 19 =$$

$$56 + 72 =$$

- 5 Tommy makes this number.

He subtracts thirty-two.

What is Tommy's new number?

6 Work out $403 + 537$

You may use the place value chart to help.

Hundreds	Tens	Ones
100 100 100 100		1 1 1
100 100 100 100	10 10 10	1 1 1 1 1 1

		4	0	3	
	+	5	3	7	

7 Complete the bar models.

		846
298	132	346

8 Fill in the missing digits.

		3	8	8	
	+			4	
			8	2
